ABOUT US

UNIWELL™
Unique Wellness

We had started importing sanitary ware since 2007. We are the leading importer of sanitary ware and home décor products in Morbi. Unico always prefer quality and luxury designs. We are personally checking the quality of products and personally travel to source the finest products, ensuring they meet the highest standards.

Our company is committed to quality products. We are specialized in day-by-day new innovation and add the latest collection to our product portfolio. Unico is one-stop solution for all imported sanitary ware. Our strong relationships with manufacturers enable us to bring the luxurious designs and innovations to our customers.

Unico is where quality meets innovation, creating a lasting impression in every space we serve. We ensure our products meet the highest standards of durability and aesthetics. Unico imports luxury products for luxurious people. We strive to provide an exceptional experience that is rich with a lifestyle of true luxury.

UB-1001

Size : Open - 855x585x495mm, Closed - 855x585x107mm

Material : HDPE

Unit Net Weight : 11.5 Kgs

Recommended Installation : 800mm at lowest point

PRODUCT FEATURES

- The horizontal design sits along the wall and opens out into the room when required.
- Complies to global safety standards and the safety belt is adjustable for fitting around the exact shape of the child or infant being changed.
- Heavy duty construction ensures a safe and stable platform for changing babies and toddlers.
- A gas strut dampened mechanism ensures a controlled, stable and safe opening and closing process.
- Two bag hooks provide a hygienic place to rest belongings whilst changing the baby.
- Ultra safe, slimline design that takes up little space with no sharp edges or corners.
- Hygienic and easy to clean with HDPE to inhibit bacteria growth.
- Comply with the EN 12221 standards and units tested in our own laboratories have withstood loads over 50 kgs.

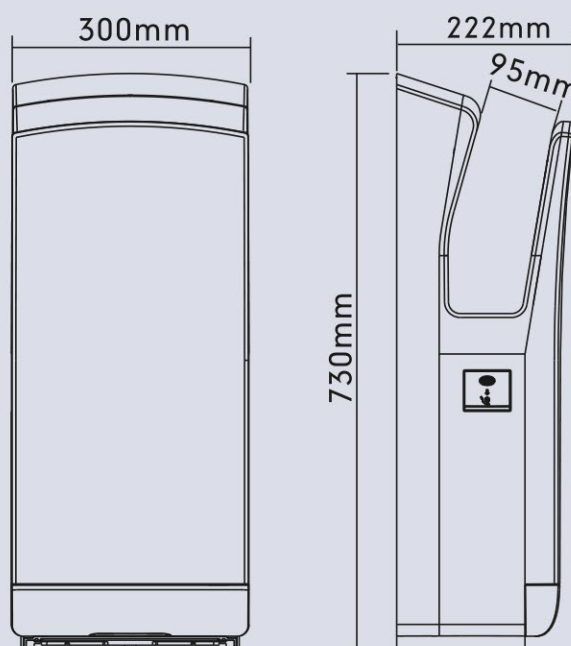

UB-1002

Size : 300x730x222mm

Body Material : S.S 304

PRODUCT FEATURES

A slimline, ultra-modern design and tough stainless steel case to protect against corrosion and vandalism.

An intelligent heating system will detect the ambient temperature of your washroom, automatically adjust the airflow temperature to keep running costs right down. Automatically adds heat to the airflow if it senses a room temperature drop below 25°C.

A water collection system (800ml) collects any excess water to keep your washroom clean, tidy and safe.

Using the heated model on the high powered option provides incredible drying times of between 9 and 11 seconds.

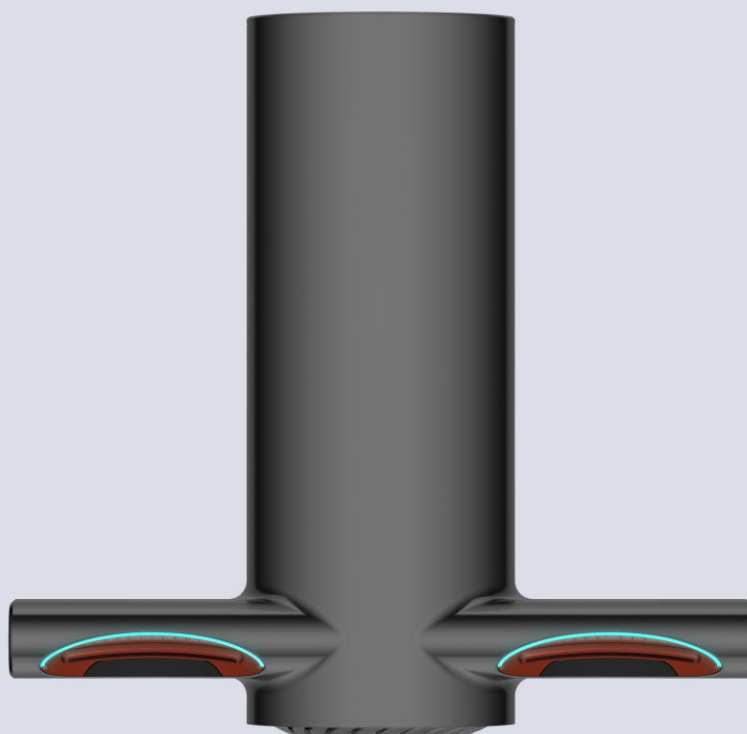

It has a smooth sound output and is engineered to minimise noise transfer from one area to another.

The modern design and futuristic LED lighting make this a very popular addition to the most contemporary of washrooms.

As an optional extra a HEPA Filter can be purchased and installed to captures airborne bacteria.

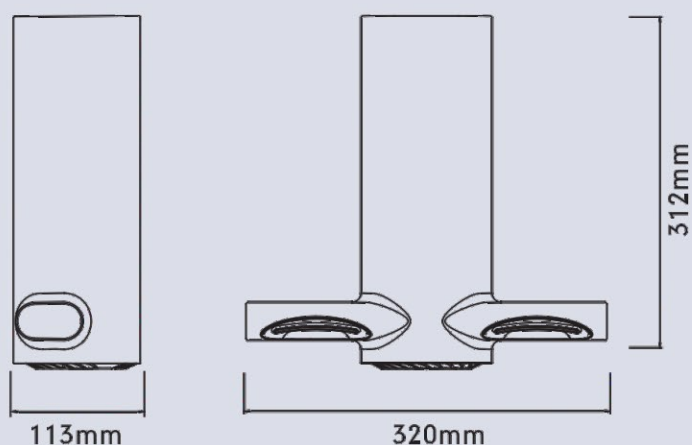

UB-1003

Size : 300x730x222mm

Body Material : S.S 304

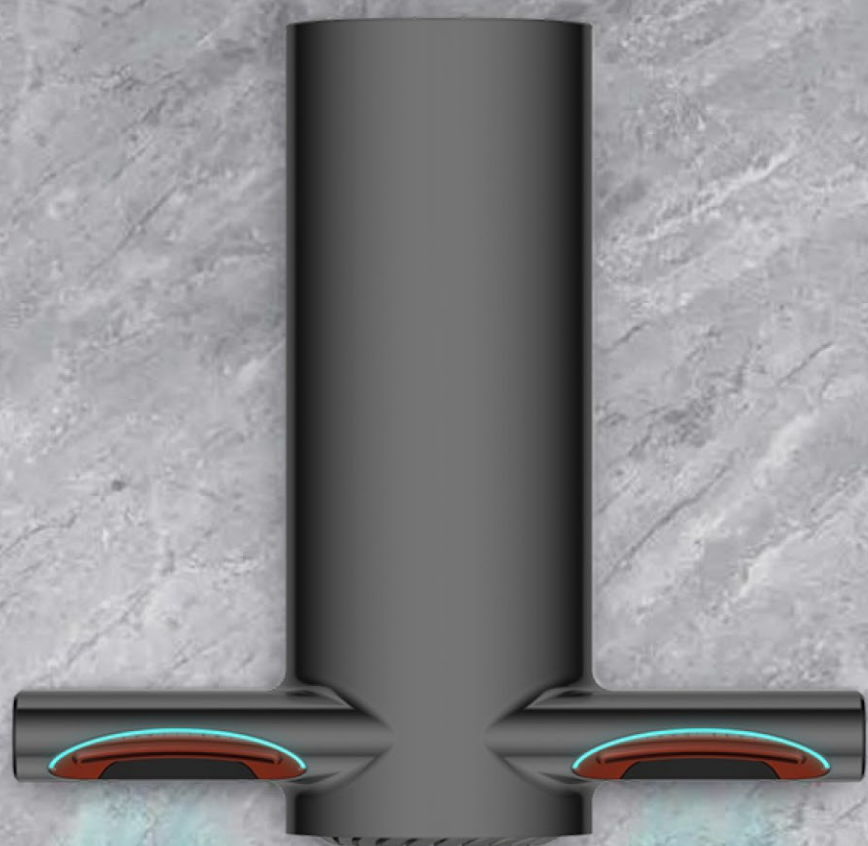

PRODUCT FEATURES

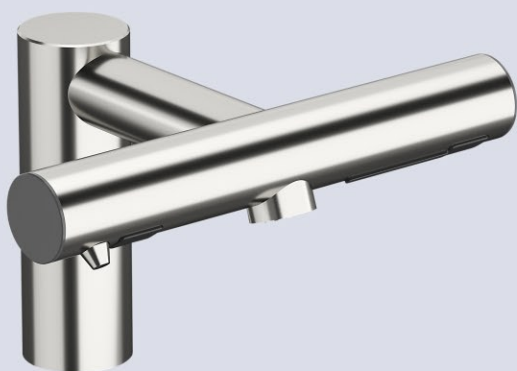

Slim, compact, modern look ideal for professional washroom.

Fitted with an anti bacterial filter to ensure the air used to dry users hands is as clean and hygienic as possible.

Despite its compact size, it features a high airspeed of 95m/s, reducing drying time to just 7-12 seconds.

All operating systems are integrated within the panel for easy maintenance.

UB-1004

Soap + Wash + Dry

Body Material : S.S 304

PRODUCT FEATURES

Combines an automatic tap, soap dispenser and hand dryer so you can wash and dry your hands at the basin, made from high grade, stainless steel 304.

Eco-efficient high speed hand drying in it's most simple and elegant format.

Fitted with a HEPA filter to remove 99.9% of bacteria and viruses from the drying air.

Its plug-in back plate design ensures easy install and maintenance, allowing control box to be exchanged by a non-electrically qualified person.

Allowing over basin drying helps to minimise washroom clean up, and prevent slips as it eliminates water spillage on floors.

Great for washroom areas with little wall space, it is simple to attach straight to the basin.

An intelligent heating system will detect the ambient temperature of your washroom, automatically adds heat to the airflow if it senses a room temperature drop below 25°C.

Low noise with smart air outlet design - The airflow direction and speed has been carefully configured to ensure that there is no excess splashing or spray created and therefore works with a huge range of sinks.

UB-1005 A

Size : 1000x570x800mm

Material : Cement

PRODUCT FEATURES

- Perfect for washing clothes comfortably at home.
- Premium Stone-Finish Texture – Elegant speckled surface for a modern, natural look.
- Easy to clean surface – no stain marks after washing.
- Ideal for laundry, household cleaning, and utility work.
- Water-resistant material suitable for wet areas.
- Strong & Durable Build – Made for long-term daily use.
- Stable Stand with Storage Shelf – Extra space for keeping cleaning essentials.
- Low Maintenance Material – Simple cleaning with minimal effort.

UB-1005 B | Size : 600x500x800mm | Material : Cement
